

Third CDM Capacity Building Workshop in the Pacific Region

31 October 2011 – 3 November 2011, Suva, Fiji

Representatives from Fiji, Tonga, PNG, Vanuatu, Solomon Islands and Samoa participated in the workshop.

Workshop on DOE Validation and Verification in the CDM project cycle		
31 October 2011		
1	Objectives and overall arrangement for the workshop	Xianli Zhu, URC
2	Clean Development Mechanism (CDM) – Basics	Srikanth Subbarao
3	DOE Validation – objectives, process, and criteria	Cuiyun (Rachel) Zhang, TÜV SÜD
3.1	Basics about Validation and Verification (Presentation Report)	Cuiyun (Rachel) Zhang, TÜV SÜD
4	CDM Project validation in practice – based on an example of real project	Yisong Guan, Easy Carbon
5.	DOE Verification – objectives, process, and key reasons of low or no CERs	Cuiyun (Rachel) Zhang, TÜV SÜD
6.	How to select DOE and preparation for Validation and Verification	Srikanth Subbarao
7	Quiz, Q&A on DOE validation and verification	Xianli Zhu, URC
8	Case Study – Verification – a 50 MW wind power project	Cuiyun (Rachel) Zhang, TÜV SÜD
9	Introduction for Panel Discussion – Prepare for DOE Validation and Verification in the Pacific	Jyoti Prasad Painuly, URC
Workshop on Voluntary Carbon Market and Project Development		
1 November 2011		
1	Voluntary Carbon Market – Introduction and Opportunities for the Pacific Islands	Katerina Syngellakis, IT Power
2	How to develop voluntary carbon market projects	Yisong Guan, Easy Carbon
3	Introduction to Gold Standard and its use	Srikanth Subbarao
4	Verified Carbon Standard (VCS) and its rules and projects	Yisong Guan, Easy Carbon
5	Voluntary Carbon Market	Cuiyun (Rachel) Zhang, TÜV SÜD
6	Case Study of a Voluntary Carbon Project	Srikanth Subbarao
7	Voluntary Carbon Market (VCM) Sources of Information	Katerina Syngellakis, IT Power
The Future of Carbon Market and Identifying Potential Projects for PoA and Voluntary Carbon Market Project Development in the Pacific		
2 November 2011		
1	Update on the status of CDM implementation (both project and PoAs)	Xianli Zhu, URC
Panel Discussion – Future of Carbon Market		
2.1	CDM in post 2012	Jyoti Prasad Painuly, URC
2.2	Future Market and Trends	Yisong Guan, Easy Carbon
2.3	Future of the Carbon Market	Cuiyun (Rachel) Zhang, TÜV SÜD

2.4	Future of Carbon Market	Srikanth Subbarao
	Country Presentations – CDM related activities and plans	
3.1	Papua New Guinea	Susan Sapa and Titus Tsigese, PNG Power Limited
3.2	CDM status in Solomon Islands	John Korinihona, Ministry of Mines, Energy & Rural Electrification, Solomon Islands
3.3	Tonga - Country activities and plans	Holomeesi Malolo, Ministry of Environment and Climate Change, Tonga
3.4	Fiji Country Presentation	Manasa M. Katonivualiku, Department of Environment, Fiji
3.5	Nadarivatu & Vaturu – Wainikasou Hydropower CDM Projects	Jone Feresi, Fiji Electricity Authority
3.6	Kinoya Sewerage Treatment Plant - GHG Emission Reduction Project, Fiji	Taito Delana, GM Operations, Fiji
4	Pacific Islands Greenhouse Gas Abatement through Renewable Energy Project (PIGGAREP) -Update	Nixon Kua, SPREP
5	The Energy Program Activities of IUCN in Pacific	Anare Matakiviti IUCN Oceania Regional Office5
3 November 2011		
1	Potential and Feasibility for Programme of Activities in the Pacific Islands	Katerina Syngellakis, IT Power
2	Voluntary Carbon Project and PoA Development –the actions/support needed from government	Yisong Guan, Easy Carbon
3	Programme of Activities – Actions and Support Needed from Governments and CROPS	Katerina Syngellakis, IT Power
4.1	Identification of Potential PoA_Template.docx	Srikanth Subbarao
4	PoA Options for the Pacific - Results of 5-min evaluation exercise on Day 4	Srikanth Subbarao
